Robert W. Varney, NHDES Commissioner
George Dana Bisbee, NHDES Assistant Commissioner
Philip J. O'Brien, Director of NHDES's Waste Management Division

May 2000

This guidance document is being made available as one of the many steps in developing a regulatory framework for asbestos waste sites that is protective of public health. Other materials relating to this regulatory effort will be published and distributed as appropriate.

This guidance document may be periodically updated. The most current version of the document can be found on the Internet at www.des.state.nh.us. Additional copies are available from the New Hampshire Department of Environmental Services. See Section V for address and other contact information.

~Acknowledgments~

This document was prepared by the Solid Waste Management Bureau at the New Hampshire Department of Environmental Services (NHDES), in cooperation with the New Hampshire Department of Health & Human Services (NHDHHS). A special "thank you" is extended to Brook S. Dupee and the staff of the Office of Community & Public Health at NHDHHS for their technical assistance, as well as to Judy Small at NHDES for contributing her graphic design services and talents to arranging the layout of this document.

Photographs #1-16 in Section II of this document are provided courtesy of the U.S. Environmental Protection Agency. The photographs were taken at various locations in Nashua and Hudson, New Hampshire during the 1980's and were originally published in a pamphlet entitled "A Guide to the Identification of Asbestos Disposed in Soil", which was developed by the New England Regional Office of the U.S. Environmental Protection Agency, Office of Pesticides and Toxic Substances.

TABLE OF CONTENTS

PURPOSE	1
 <u>SECTION I: GENERAL INFORMATION</u>	
<i>What is asbestos?</i>	<i>3</i>
<i>How was asbestos used by New Hampshire manufacturers?</i>	<i>3</i>
<i>Why should I be concerned about asbestos?</i>	<i>4</i>
<i>What health hazards are associated with asbestos?</i>	<i>4</i>
<i>What are the exposure pathways of concern?</i>	<i>5</i>
 <u>SECTION II: SITE IDENTIFICATION</u>	
<i>What does asbestos manufacturing waste look like?</i>	<i>7</i>
<i>Are all forms of asbestos waste considered a health hazard?</i>	<i>18</i>
<i>What should I do if I locate a site with asbestos manufacturing waste?</i>	<i>18</i>
<i>What should I do if I think I have been exposed to asbestos?</i>	<i>18</i>
 <u>SECTION III: REMEDIAL MEASURES</u>	
<i>What are "remedial measures"?</i>	<i>19</i>
<i>What remedial measures are typically used at asbestos disposal sites?</i>	<i>19</i>
<i>Which remedial alternative (removal vs. capping) is best?</i>	<i>19</i>
<i>What are the criteria for designing a cap?</i>	<i>20</i>
<i>What is the process for initiating and undertaking remedial action?</i>	<i>20</i>
<i>I expect remedial action to be costly. Why should I consider it?</i>	<i>21</i>
 <u>SECTION IV: BEST MANAGEMENT PRACTICES FOR COVERED ASBESTOS DISPOSAL SITES</u>	
<i>Section Introduction</i>	<i>23</i>
<i>BMP 1.0: Activity and Property Use Restrictions</i>	<i>24</i>
<i>BMP 2.0: Site Monitoring</i>	<i>25</i>
<i>BMP 3.0: Site Maintenance</i>	<i>26</i>
<i>BMP 4.0: Imminent Hazard Response</i>	<i>27</i>
<i>BMP 5.0: Unplanned Encounters</i>	<i>28</i>
<i>BMP 6.0: Disclosure and Right-to-Know</i>	<i>29</i>
<i>BMP 7.0 Record Keeping</i>	<i>30</i>
 <u>SECTION V: ADDITIONAL INFORMATION AND ASSISTANCE</u>	
<i>Directory of Government Contacts</i>	<i>32</i>
<i>National Emission Standard of Hazardous Air Pollutants, 40 CFR 61.151</i>	<i>34</i>
<i>Sample/Model Notice for Chain of Title Recordation</i>	<i>36</i>
